

South Carolina Manufactured Housing Energy Efficiency Label Request Form

Manufacturer _____

SC Manufactured Housing License Number _____

Address _____

Telephone Number _____ Fax Number _____

Number of Labels Requested _____

Reminder: When labels are received, the Manufacturer is responsible for recording the Energy Efficiency Label Number, Serial Number, HUD Label Number, and Retailer/Location Shipped To on the Label Disposition Report. A copy of the Label Disposition Report is then sent to the SC Energy Office.

To meet the energy efficiency standards, the home must have the following:

1. Storm or double pane glass windows;
 2. Insulated or storm doors;
 3. a minimum insulation thermal resistance rating of R-11 for walls, R-19 for floors, and R-30 for ceilings
- OR** allowances in the energy efficiency levels for walls, floors, and ceilings, so long as the heat loss does not exceed that calculated using the R levels stated above. These heat loss calculations are based on the current edition of the American Society of Heating, Refrigeration, and Air-Conditioning Engineers (ASHRAE) Guide at the time of the home's manufacture.

The following statement (along with signature and printed name) must be included if providing own form:

I hereby attest that each requested energy efficiency label will be affixed **inside the breaker box** of the appropriate unit as identified by the Serial Number on the energy efficiency label.

Signature: _____ Date: _____
(must be signed by a company official)

Please print the above name: _____
